MCA
10 Years Exp

Career Objective

An MCA postgraduate having 10 years of experience in multiple domains. Seeking a position to utilize my abilities and skills in the Information Technology Industry that offers me professional growth and challenging work environment while being resourceful, innovative and flexible.

Project Experience

[March 2021 – Till Now]

Capgemini as Manager

- Total talent management app designed with microservices architecture in .net core and Angular, hosted on Google Cloud
- Designed worker process to sync data between App and SAP.
- Using Azure DEVOPS for task management and Pipelines for pushing the code.

[Nov 2016 – March 2021]

Ingram Micro as Lead Software Development Engineer

- Implemented OKTA for login with OIDC implementation for ecommerce Enterprise SSO and mobile app.
- Microservice with ASP.net Core for Profile API with SAML used with Okta inline token to provide user information as a response to client application.
- Ecommerce Shopping Application with back office including SAP and Impulse Integration (MVC/Web API/WCF).
- Cisco Vendor Portal using MVC n-layer Architecture and APIs.
- Agile software development with Jira for all projects.

[Nov 2012 – Nov 2016]

Big Sun Technologies as Senior Software Developer

- Warehousing System with integrated Financials (C#.net and SQL).
- Online Support portal and Ticket system (C# ASP.net and SQL).
- ERP (Finance, Stock and Production) (Strong OOPS Concept with C#.net).
- Data migration for Upgrading old systems (MS SQL Server).
- Human Resource Management with mobile app integration (C# Asp.net with Web Services).

[Dec2011 – May2012]

Arête Technologies for MCA final year project

- Shopping Cart for Net Spider India using ASP.net and MS SQL
